

"VIRTEX is a trusted technology partner providing Electronics Manufacturing Services (EMS) to customers in the high-reliability aerospace and defense, government, medical, and industrial markets. With eight facilities located strategically throughout the US and Mexico, we are able to serve our customers on a local/regional level. In order to meet our stringent quality standards, we need equipment to guarantee that what we do, we do well! MIRTEC has been an ideal partner providing us with outstanding inspection equipment and super responsive technical support. MIRTEC's MV-6 OMNI machine provides real time data collection and reporting ensuring that the superior execution and quality that VIRTEX stands for is evidenced in the products we deliver to our customers, every time, every day!" Brad Heath - CEO and Founder of VIRTEX
